

# Phin Security Introduction to Security Awareness & Phishing

What happens now?

## Training

- An email notification will be sent to those enrolled in training
- Click on Click to View to begin the training
- Most trainings are between 3-5 minutes followed by a quiz

## Phishing

- A phishing email is sent to the user
- If the user clicks on the phish, a learning moment begins
- Click through the learning moment to learn how to prevent being phished in the future
- Instant feedback
- takes less than a minute to complete

## Reporting

### Historical User Data for the Last Twelve Months
